

Understanding the impact of dementia

Learning Outcomes and Programme

The learning outcomes for this workshop are mapped to the Skills for Care Qualifications and Credit Framework Level 2 Unit DEM 207 'Understand equality, diversity and inclusion in dementia care'

Learning outcomes:

By the end of this workshop the learner will:

1. Understand and appreciate the importance of diversity of individuals with dementia
2. Understand the importance of person centred approaches in the care and support of individuals with dementia
3. Understand ways of working with a range of individuals who have dementia to ensure diverse needs are met

PROGRAMME

- 09.30 Welcome and Introduction
- 09.45 Individual exercise: Who are you?
- 10.30 Presentation and discussion: how does the person centred approach enable us to recognise that people with dementia have unique needs and preferences?
- 11.00 Break
- 11.15 Group exercise: approaches to help carers and others understand that a person with dementia has unique needs and preferences
- 11.45 Presentation and case study: how values, beliefs and misunderstandings about dementia can affect attitudes towards individuals
